About the PETS Nutritional Guidelines

NutriControl offers independent, FEDIAF-based compliance reporting to help pet food producers ensure their products meet nutritional standards. Each PDF report clearly shows per nutrient whether results are compliant, based on both raw data and FEDIAF-adjusted values. We monitor guideline updates closely and aim to expand to more species in the future.

Dog	Cat
Weende	
Moisture	Moisture
Crude protein	Crude protein
Crude fat	Crude fat
Crude ash	Crude ash

Amino acids	
Arginine	Arginine
Histidine	Histidine
